

Notice on Credit/Debit Card Transactions:

Due to increased credit/debit card fees and costs associated with credit card fraud, please note the following:

- **Effective Immediately:** Credit/Debit card fees of 5% will be assessed to any balances paid with a credit/debit card. These fees will not be applied to cash, check or Venmo payments (unless they use a service protection plan which deducts fees from our business, in which case, the renter shall be responsible for these fees). Example of how the fee is processed: If your rental balance is \$10.00, and you use a card to make payment, you will be paying \$10.50.
- **Who it applies to:** This applies to non-commercial/small enterprise bookings - which include rehearsals, subsidized use, private lessons, open sessions, small castings, small photoshoots and other such space usage. It also applies to any booking over \$1000.00.
- **Our Venmo:** @pmtdancestudio (verification digits: 2729).
- **If I do not have Venmo, how else can I arrange payments?** You may be able to arrange an in person payment or check payment. Please email rentals.pmt@gmail.com to further inquire.
- **Walk On Payments and bookings are still not permitted.**
- **If the renter does not submit payment (via Venmo or otherwise) before the payment due date, then their card will be charged as detailed in their confirmation or invoice.** The policy on holding space reservations without a card or without payment is unaffected – one or the other is required to secure space.

This is an effort to keep costs down while cutting back on expenses. As is well known, our studio rates have been among the most affordable in NYC. We hope this will keep it that way.

Thank you for your understanding and consideration.
